EXPERIENCE

Arche Softronix Pvt. Ltd. | (Associate Front End Developer)

Sep 2022 - Present | Vadodara, India

- PROACT**
 - In this healthcare project, I have experience with various packages including **react-table, react-hook-form, react-select, react-zoom-pan-pinch**, and several others.
 - Developed a **Report Builder** module allowing users to generate dynamic reports based on their needs.
 - Also developed modules, incorporated essential packages, and integrated APIs.
- OPSACUITY**
 - Contributed to the ERP system by setting up the folder structure and configuring the routing architecture for different modules.
 - I implemented comprehensive **Roles and Permissions** management and also utilized the **ApexCharts** package for graphs.
 - I implemented **animations** in several parts of the module to make it more interactive and visually appealing for users.
- SYNAPP**
 - In this healthcare project, I developed responsive modules and layouts with UI libraries like **Ant Design**, integrated essential packages, and connected APIs.
 - I developed **utility** functions and **custom hooks** for common use throughout the project.
